PROFESSIONAL PROFILE

Dedicated and academically rigorous researcher and professional with a solid foundation in Fisheries Science, Aquaculture, and Business Administration. Currently contributing as a Research Assistant and postgraduate student at Universiti Putra Malaysia (UPM), with hands-on expertise in scientific data collection, laboratory and field sampling, and environmental research. Proven ability to combine empirical scientific inquiry with strategic project management and corporate leadership. Eager to leverage this multidisciplinary background for a competitive PhD or research position within a prestigious European university framework.

EDUCATION

Master of Science (MSc) in Aquaculture / Research Assistant (Current)

Universiti Putra Malaysia (UPM) | March 2026 – Present

Focus: Advanced aquaculture systems, experimental design, water quality analysis, and biological data interpretation.

Master of Business Administration (MBA)

Kuala Lumpur University of Science and Technology | October 2024 – Present (Running)

Key Focus: Strategic management, organizational leadership, and quantitative market analysis.

Bachelor of Science (BSc) in Fisheries

Bangladesh Agricultural University (BAU) | Session: 2018–2019 (Graduated 2024)

Key Focus: Fisheries biology, aquatic resource management, aquatic toxicology, and fish nutrition.

Higher Secondary Certificate (HSC) • Science

Jashore Cantonment College | Passing Year: 2017

Secondary School Certificate (SSC)

Chougachha Shahadat Pilot Govt. High School | Passing Year: 2015

RESEARCH & ACADEMIC EXPERIENCE

Research Assistant

Universiti Putra Malaysia (UPM) | March 2026 – Present

- Conducting empirical research and supporting faculty-led studies in advanced aquaculture systems.
- Collecting, cataloging, and statistically evaluating biological and environmental samples.
- Drafting scientific documentation and summaries for ongoing departmental projects.

Research Assistant

Bangladesh Agricultural University (BAU) | 2018 – 2019

- Assisted in field surveys, pond management trials, and aquatic laboratory experiments.
- Managed physical and digital data records to ensure precision in quantitative analyses.

PROFESSIONAL EXPERIENCE

Marketing Head

MA Tours & Travels | 2024 – Present (Full-Time)

- Spearheading comprehensive marketing campaigns, brand development, and consumer acquisition frameworks.
- Managing stakeholder relations, corporate communications, and performance analytics to hit growth targets.

LEADERSHIP & EXTRACURRICULAR ENGAGEMENT

- **Vice President:** Green Voice (BAU Unit) — Directed environmental advocacy campaigns, sustainability drives, and ecological awareness workshops.
- **Organizer:** Agricultural Olympiad — Coordinated national-level academic competitions designed to foster scientific curiosity among youth.
- **Cultural Organizer:** Trivuj Cultural Organisation — Actively planned and managed institutional cultural festivals and theatrical productions.
- **Community Outreach:** Volunteered consistently with student welfare and charity initiatives throughout undergraduate tenure at BAU.

SKILLS & COMPETENCIES

Research Domains:	Aquaculture Systems, Fisheries Biology, Environmental Sampling, Quantitative & Qualitative Data Analysis, Academic Writing.
Laboratory Skills:	Water Parameter Testing, Specimen Collection, Microscopy, Bio-statistical Recording.
Professional:	Project Coordination, Strategic Planning, Public Speaking, Team Leadership.
Languages:	Bengali (Native), English (Full Professional Proficiency).
